

FREMONT IS GOING DIGITAL!!

As part of our continuing efforts to provide information regarding your student's progress and status, parents will be able to view information from our secure school database using the RUSD Parent Portal.

Important: The following information is required prior to creating an RUSD Parent Portal account:

- **Your personal Email Account**
- **Student Permanent Identification number** – a unique number assigned to each student, provided in the letter previously sent to you
- **Valid Area Code & Telephone Number** – your primary telephone number stored in Aeries, provided in the letter previously sent to you
- **Verification Code** – a random code containing numbers and uppercase letters, provided in the letter previously sent to you

Use the links below to download and print a helpful document that will guide you through the RUSD Parent Portal account creation process. Adobe Reader is required to view these files.

America Online users must not use their America Online email client during the .NET Parent-Student Portal set up process. Specifically, America Online users must use their America Online webmail (not their AOL email client) to access their email during the .NET Parent-Student Portal account set up process. Otherwise, the set up process will not complete properly.
